Thursday 11th May 2023

Dear Parents/ Carers,

We would like to celebrate science within our school community and we are asking parents or family members to share information about their job and how it links to science or express an interest in an area of science.

Science is all around us and is part of our everyday lives. We would like to share examples of how science is part of many different jobs. It could be that science is used throughout your job or is a small part of your work. It could be that you are interested in a particular aspect of science and could explain why you are interested. If you would like to take part, please complete the speech bubble outlining some information about your job and how science is involved.

Please complete the back of this letter and return to school by Friday 19th May 2023.

Thank you for your continued support.

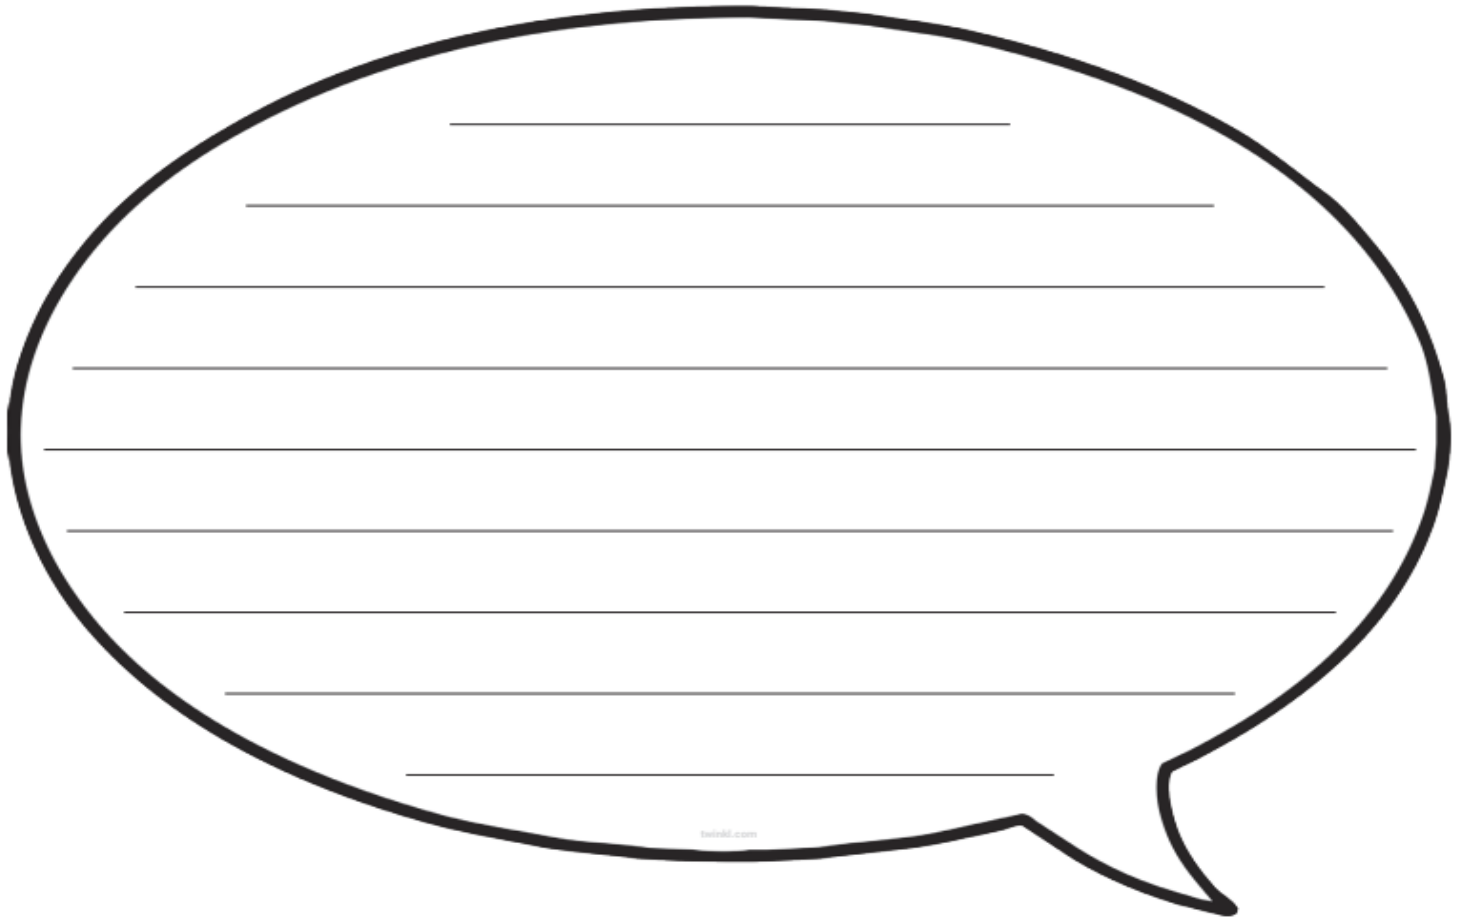

Yours sincerely,

L.Dobie

Miss Dobie
Science Lead
